

## Logging into your blog dashboard

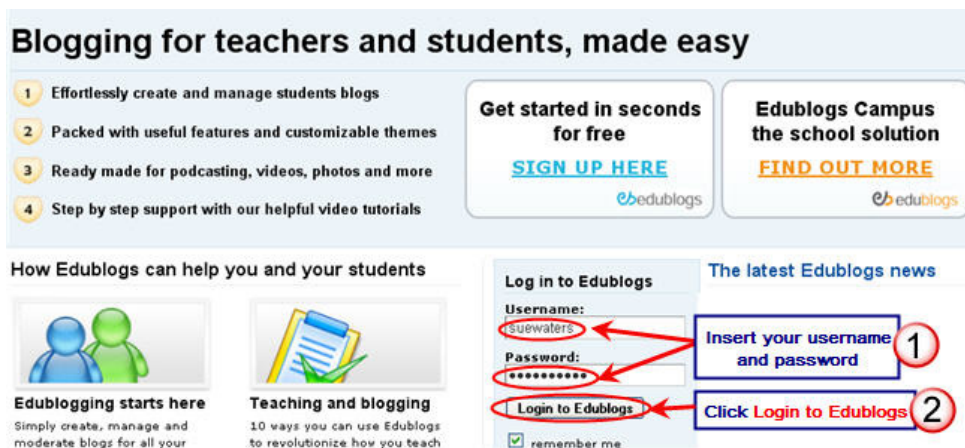

Your blog dashboard is the administration area of your blog where you write posts, pages, manage comments, change your blog design, add widget etc.

There are three options for logging into your blog dashboard:

1. Your login page - e.g. <http://theedublogger.edublogs.org/wp-login.php>
2. The [Edublogs homepage](http://edublogs.org/) (<http://edublogs.org/>)

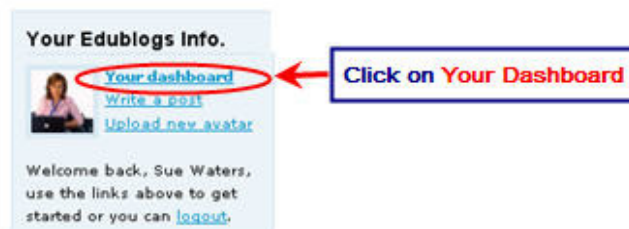

- a) Add your username, password and click **Login into Edublogs**

- b) Once your login details have been entered you see your Edublogs info on the [Edublogs homepage](http://edublogs.org/) and you need to Click on Your Dashboard to log into your blog dashboard

### How Edublogs can help you and your students

3. Using your **Meta widget** (located on the right side bar of all new blogs)
